
HOME SAFE HOLIDAYS
PRIVATE PROPERTY CARE & MANAGEMENT
Your property, our attention.
A trusted presence on the French Riviera and in Monaco.

Why Entrust the Care of your Property?

A second home is so much more than a place where you stay. It is a valuable asset, a personal space, a place you care about, even when you are far away.

Between two stays, a property continues to live. It requires attention, regular checks and, at times, interventions that can be challenging to organise from a distance.

Home Safe Holidays provides you with a reliable and attentive local presence. We take the time to understand your property, its specific features and your habits, in order to offer a truly tailored service.

You enjoy your property.
We look after it in your absence.

Peace of mind begins with a trusted presence.

The Home Safe Holidays Experience

At Home Safe Holidays, every property deserves special care.

We take the time to get to know your home, its equipment, how it works and the details that make it unique.

Regular inspection visits, monitoring of its general condition, coordination of service providers, and preparation for your arrivals: our support is tailored to your lifestyle and the real needs of your property.

Because a property does not always require the same level of attention throughout the seasons, our services can evolve with your expectations.

Knowing your property. Looking after it. Preserving your peace of mind.

A local presence, so that your property is never left to chance.

A Property Care Service Tailored to Your Lifestyle

Whether you are away for a few days, several weeks on holiday, or your property is occupied only part of the year, each situation deserves a tailored approach.

Home Safe Holidays is here to support you, whenever you need us, whether occasionally or all year round.

For a short absence

Are you going on holiday or away for a few weeks? We carry out scheduled visits and checks to keep a watchful eye on your property until your return.

For regular support

Main residence, second home or a property occasionally occupied: we provide regular presence, maintenance and follow-up of the necessary services.

For a complete property care service

Prestigious properties, villas and estates: we offer a fully personalised service, including equipment monitoring, coordination of service providers and preparation for your stays.

A simple visit, a made-to-measure property care service, and the peace of mind you deserve.

A Care Service That Goes Further

A property is not just an interior to check. It is a whole living environment, including outdoor spaces, equipment and valuable assets, all of which require particular attention.

Home Safe Holidays supports you in their care and organisation, tailored to your needs.

Property & Outdoor spaces

Inspection visits, visual checks, monitoring of gardens, swimming pools, terraces and outdoor installations.

Maintenance & Interventions

Organisation of maintenance services, coordination of craftsmen and service providers, and follow-up of interventions and equipment.

Vehicles & Garages

Visual monitoring of parked vehicles, maintenance follow-up, organisation of cleaning and tailor-made automotive services.

Valuable Assets & collections

Special attention to valuable items, works of art, collections and spaces requiring specific care.

Pets & Specific Needs

Pet care services, support tailored to your companions' needs and organisation of bespoke services.

Properties in transition

Support during a period of vacancy, a sale, a move, renovation work or any change of situation.

Every detail matters. We make sure nothing is left to chance.

The Pleasure of Returning to Your Property

Coming back to your home should always be a pleasure, never a list of tasks to take care of before you arrive.

Before your return, Home Safe Holidays looks after every detail: preparing your property, carrying out the necessary checks, running errands and taking care of any specific requests.

Because our support doesn't stop when you arrive, our private concierge service can also make your stay easier and more enjoyable, responding to your needs during your time here.

After your departure, we can also ensure the property is securely closed, left in perfect order and all agreed checks are completed.

You arrive. Everything is ready. All you have to do is enjoy your property.

Your property is in good hands, under the best conditions.

A Relationship of Trust, a Real Presence

Entrusting your property is, above all, a matter of trust.

At Home Safe Holidays, we prioritise a direct relationship, based on listening, discretion and transparency.

Our local knowledge and proximity allow us to provide attentive follow-up, to coordinate interventions and to keep you informed about what really matters.

Every property has its own unique character. Each owner keeps their habits and specific requirements.

Our role is to adapt to your needs, with professionalism and consistency.

Your property is in safe hands. We are your trusted presence on site.
